PROFILE SUMMARY

Versatile and detail-oriented professional with expertise in Frontend Development, Python Programming, and Manual Testing. Proficient in HTML, CSS, and JavaScript, with hands-on experience in building responsive and visually appealing web interfaces using React JS. Adept at Python programming, contributing to robust and scalable backend solutions. Demonstrated proficiency in manual testing, including crafting comprehensive test cases and ensuring the delivery of high-quality, user-centric applications. A committed learner, staying up-to-date with the latest technologies to bring innovation and excellence to frontend development, Python programming, and quality assurance. Excited to contribute to dynamic projects that require a combination of technical proficiency and meticulous testing.

PROJECTS

My Web Portfolio 🔗
I have developed a personal portfolio website using HTML, CSS, and JavaScript, and hosted it on GitHub. The portfolio showcases my skills, projects, and experiences in a visually appealing and interactive manner. The responsive design ensures a seamless experience across various devices. Leveraging JavaScript, I incorporated dynamic elements to enhance user engagement. The project reflects my proficiency in front-end technologies and my commitment to creating user-friendly web experiences.
